

TO: Mayor Shaun Sipma

---

Members of the City Council

FROM: Dan Jonasson, Director of Public Works

DATE: January 20, 2022

SUBJECT: **P# 3529.04B MREFPP PHASE MI-4B MAPLE DIVERSION RAW WATER LINE RELOCATION BID APPROVAL**

---

**I. RECOMMENDED ACTION**

1. Recommend Council approve Kemper Construction as the low bidder for the raw water line relocation and forward award approval and recommendation to the SRJB.

**II. DEPARTMENT CONTACT PERSONS**

Dan Jonasson, Director of Public Works	857-4140
Ryan Ackerman, Administrator – SRJB	857-8737

**III. DESCRIPTION**

1. Background

*Providing flood risk reduction for Minot is large part of the overall Mouse River Plan. Relocating the raw water well line that currently cross the alignment of the Maple Diversion, will allow the work to proceed in a more efficient manner. Relocating this line and tying into the existing well lines in Oak Park is a more cost effective option than lowering this line as it crosses the Maple Diversion alignment.*

B. Proposed Project

*The Souris River Joint Board accepted bids on phase MI-4B – Maple Diversion raw waterline relocation. Of the raw water line. This project includes re-routing of a raw water well line that crosses the Maple Diversion alignment path.*

C. Consultant Selection

*Consultant selection was done by SRJB in accordance with ND State Water Commission requirements.*

**IV. IMPACT:**

A. Strategic Impact:

Part of the basin-wide strategy to reduce the risk of flooding within the Mouse River valley.

B. Service/Delivery Impact:

*N/A*

C. Fiscal Impact:

*The Engineer's Estimate for this project was \$351,619.38 with the cost being paid by the State (65%) and the City of Minot (35%).*

*Kemper Construction was the low bidder at \$384,877.50*

*A funding reimbursement resolution was previously approved for this project in June of 2021*

V. **ALTERNATIVES**

*N/A*

VI. **TIME CONSTRAINTS**

*N/A*

VII. **LIST OF ATTACHMENTS**

A. *Bid tabulation*
