Tom Joyce – City Manager  
PO Box 5006  
Minot, ND 58702-5006  
(701) 857-4750

**To:** Honorable Mayor & City Council Members  
**Date:** October 7, 2025  
**RE:** 2026 Annual Budget

The adopted 2026 City of Minot budget continues the City Council's long-standing effort at providing municipal services as cost effectively as possible. The City levy approved by the City Council in 2025 was 97.11 mills or \$24,068,032. The final adjusted rate by the County was 97.41. The levy for 2026 is 78.61 mills, a decrease of 18.50 mills and \$3,967,278. The value of each mill has increased 3.17%, as detailed in the attached 2026 budget summary.

The adopted 2026 budget incorporates the adopted 2026-2030 Capital Improvement Plan (CIP). To meet the growth of the City and continue to maintain infrastructure, the City has a number of capital improvement projects planned for 2026. The following is a brief list of the major projects:

- Flood Control Projects
- NAWS
- 16<sup>th</sup> St SW Reconstruction Phase II
- Police Department Facility Rehabilitation
- Floodway Property Acquisitions

The 2026 adopted budget is \$216,261,205 compared to \$225,667,824 in 2025, which is a decrease of \$9,406,619 or 4.17%.

Thank you for the opportunity to submit the 2026 annual budget for your consideration.

Sincerely,

  
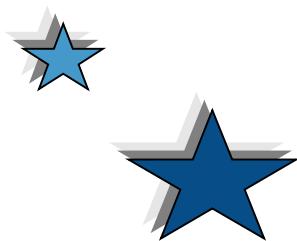

Tom Joyce – City Manager

MINOT CITY COUNCIL'S VISION:

## 'BUILDING EXCELLENCE WITH OUR COMMUNITY'

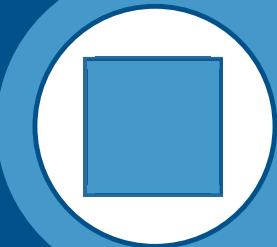

### DYNAMIC & FLOURISHING

Minot is a thriving and vibrant community ready to collaborate and adapt to achieve strategic growth.

### PREPARED & RESILIENT

Minot is prepared to take effective action when faced with challenges and works with the community's resilient nature to persevere.

### SAFE & WELCOMING

Minot is a welcoming community where people feel safe and engaged, with the freedom to celebrate their rich, diverse histories and identities.

### EXCELLENT & CONNECTED

Minot is fiscally responsible, provides quality services, and engages with community members and strategic partners who address broader needs.

**FOUR ASPIRATIONS DRIVE EVERY DECISION TO ACHIEVE OUR VISION.**

**2026 ANNUAL BUDGET**

## BUDGET GUIDE

### OVERVIEW

The City of Minot offers the readers this budget guide to assist in the use and understanding of the City's Annual Budget. The annual budget serves as a policy document, a financial plan, an operation guide, and a communication device for the City's operations.

### BUDGET SECTIONS

The annual budget is organized into the following sections:

- Letter of Transmittal
- Budget Guide
- Budget Summary
- Source and Use of Fund Statements
- Pay Plan
- Ordinance and Resolution

### LETTER OF TRANSMITTAL

The letter of transmittal is the City's Manager's message to the Mayor and City Council members highlighting significant changes in the proposed annual budget. It also provides the reader with a brief synopsis of the total budget.

### BUDGET GUIDE

This section is intended to provide the reader a summary of the budget document and inform the user of the City's financial and budget policies.

### BUDGET SUMMARY

This section contains the budget summary, rates and fees, outstanding debt, new personnel requests and employee pay/benefits as well as a breakdown of budgeted cash reserves.

### SOURCE AND USE OF FUND STATEMENTS

This section is organized by fund type and contains a schedule of estimated revenues and appropriations for each City fund, including the General Fund, Enterprise Funds, Special Revenue Funds, Debt Service Fund, and Capital Project Funds. Internal Service and Fiduciary Funds have no budgeted revenues or expenditures.

### PAY PLAN

This section provides detailed information on the 2026 annual pay and classification plan as approved by the Minot Civil Service Commission. Information includes detailed grade and steps, occupational job families and job classes, and the number of positions included in the 2026 annual budget.

## **ORDINANCE AND RESOLUTION**

This section provides the signed budget ordinance as approved by the City Council as well as any signed resolutions for changes in rates, charges, or fees.

## **APPENDIX I – STATE AUDITOR’S OFFICE REQUIREMENTS**

This section provides the required information to be in compliance with North Dakota Century Code 40-40 regarding municipal budget law and 57-15 regarding interim fund and determination of levy.

## **APPENDIX II – VEHICLE AND EQUIPMENT REPLACEMENT LISTS**

This section provides the anticipated vehicle and equipment replacements for the 2026 budget by department.

## **THE CITY ORGANIZATION**

The City of Minot, incorporated on July 16, 1887, is located in the north central part of North Dakota. The City currently occupies a land area of approximately 27.73 square miles and serves a population of approximately 47,373. Located twelve miles north of the City, and a definite part of the community, is one of the nation's largest Air Force bases. The economic impact of the Minot Air Force Base on the City during 2024 was nearly \$651.6 million. The Minot Air Force Base had nearly \$80.6 million in construction, services and other expenditures. Minot Air Force Base serves as the home for over 12,825 active duty personnel and their dependents. Many of the personnel assigned to the base choose to reside in the City during their tour of duty and after their discharge. The relationship between the citizens of Minot and the citizens of the base is one of cooperation and friendliness.

The City of Minot is a home rule city and adopted its home rule charter on November 7, 1972. Minot operates under a “modern council” form of government and a council-manager plan. The City Council is comprised of the mayor and six council members. The mayor is elected, at large, to serve a four-year term; council members serve four-year staggered terms, with three council members elected, at large, every two years. Among other things, the City Council is responsible for passing ordinances, establishing policies, adopting the budget, appointing committees, confirming the appointments of department heads, and hiring the City Manager. The City Manager is responsible for carrying out the City Council’s policies and ordinances, and for overseeing the day-to-day operations of the City government.

The City provides a full range of services contemplated by statute or charter. This includes police and fire protection, the construction and maintenance of highways, streets, and other infrastructure, sanitation, planning and community development, water, sewer, and storm sewer, cemetery, airport, two parking ramps located in downtown Minot and general administrative services necessary to serve the citizens of the City.

The City is empowered to levy a property tax on real property located within its boundaries. It is also empowered by state statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the City Council.

Minot’s centralized location in North America and its high-quality transportation make it an attractive site for both businesses and manufacturers. The sales tax base, the oil industry, and construction are all factors that build a solid foundation for business and industry to enjoy greater productivity and profitability.

<b>Sales Tax Collections</b>		<b>Property Tax Levied</b>	
2020	20,655,109	2021	25,781,496
2021	23,141,014	2022	26,137,235
2022	25,588,350	2023	27,186,821
2023	26,440,643	2024	28,520,411
2024	27,808,704	2025	24,068,032

The financial position of the City remains sound with management continuing to administer the financial policies established by the City Council in a prudent and effective manner.

## **BASIS OF ACCOUNTING AND BUDGETING**

The City's accounting and budgeting records for all governmental funds are maintained on the modified accrual basis. This method recognizes revenues when they are measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues available if they are collected within 30 days of the end of the fiscal year. The proprietary funds are accounted and budgeted for using the full accrual basis. Under this method, revenues are recognized when they are earned and expenses are recognized when they are incurred. The Annual Comprehensive Financial Report (ACFR) shows the status of the City's finances on a basis of Generally Accepted Accounting Principles (GAAP). The ACFR is posted to the City's website at the following link: <https://www.minotnd.gov/Archive.aspx?AMID=40>.

## **FUND STRUCTURE**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, similar to other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Each fund is considered a separate accounting entity. All of the funds of the City can be divided into three fund types: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds account for essentially the same functions reported as governmental activities in the government-wide financial statements. The governmental fund statements provide a detailed short-term view of the government operations and the basic services it provides, and are reported on the modified accrual basis of accounting which focuses on available spendable resources. This allows the reader to evaluate the City's short-term financing requirements.

Because the focus of governmental funds is narrower than the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between the governmental funds and the government-wide financial statements.

The City of Minot maintains 22 individual governmental funds. The City presents separate information in the governmental fund balance sheet and statement of revenues, expenditures, and changes in fund balances for the general fund, and the following major funds: debt service, capital infrastructure and capital flood control. Data from the other governmental funds are combined in a single, aggregate presentation. Combining statements provide individual fund data for each of these non-major governmental funds.

The City of Minot adopts an annual budget for all governmental funds.

The City maintains two types of proprietary funds, enterprise and internal service. Enterprise funds report activities that charge for services provided to outside customers. The enterprise funds are business-type activities in the government-wide statements. The City uses enterprise funds to account for its airport, sanitation, water, sewer and storm sewer, as major funds, and its cemetery, parking authority operation, and parking ramps operations, as non-major funds. Internal Service funds report activities that provide supplies and services to other City programs and activities. The City of Minot uses internal service funds to account for its central garage and the self-funded insurance program. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary fund statements provide the same type of information as the government-wide statements, only in more detail. The City combines both internal service funds in a single, aggregate presentation in the proprietary fund financial statements. The City provides individual fund data for the non-major proprietary funds in the form of combining statements. Individual fund data for the internal service funds are also in the form of combining statements.

Fiduciary funds account for resources held for the benefit of parties outside the government. The City is a trustee for its employees' pension and other post-employment benefit plans. It is also responsible for other assets held on behalf of others. The City is responsible for ensuring the assets reported in these funds are used for their intended purpose.

The City reports fiduciary activities in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position. These activities have been excluded from the City's other financial statements since the City cannot use these assets to finance its operations. The accounting used for fiduciary funds is similar to proprietary funds.

## **FINANCIAL POLICIES**

### **BUDGET POLICIES**

- The City Council shall adopt a structurally balanced budget for the upcoming fiscal year.
- The annual budget is presented in accordance with Generally Accepted Accounting Principles (GAAP).
- The budget is prepared by fund, by department within each fund, and by line item within each department. The legal level of budgetary control is at the fund level. The management of the City of Minot has the authority to exceed line items or departments budgets as long as the fund appropriations are not exceeded. City Council approval is required for (a) the transfer of appropriations from one fund to another fund or the addition of line items within a fund or both and (b) an increase in the aggregate total of appropriations in order to reflect changes in financial circumstances.
- Financial control systems shall be in place to monitor compliance within the adopted budget, including the use of monthly and quarterly reporting.

### **REVENUE POLICIES**

The City will use its best efforts to collect past due revenues. These efforts may include internal and external processes. Uncollectible revenues will be considered on a case-by-case basis, and decisions related to write-offs will be brought to the Finance department as deemed appropriate.

The City will establish all user charge fees at a level related to the full cost (operating, direct, indirect and capital) of providing the service. The City will review fees during the annual budget process.

## EXPENDITURE POLICIES

The City shall operate on a current funding basis. Expenditures shall be budgeted and controlled so as not to exceed current revenues plus the planned use of fund balance accumulated through prior years.

The City shall make every effort to maximize any discounts offered by creditors/vendors. Staff shall follow applicable procurement policies and use competitive bidding to attain the best possible price on goods and services.

## RESERVE POLICIES

All funds must maintain an operating reserve equivalent to 1/12 of the annual budget for that fund per City ordinance. The purpose of this ordinance is to maintain an adequate level of fund balance to provide for large future expenditures, cash flow requirements and contingencies. The City strives to maintain a 3/12 operating reserve in all operating funds.

## FUND BALANCE CATEGORIES

**Nonspendable** is a component of fund balance that includes only amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

**Restricted** fund balance represents a portion of fund balance that reflects constraints placed on the use of resources (other than nonspendable items) that are either: (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

**Committed** fund balance includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority (the City Council), the vote of the citizens, or the wishes of a donor or third party. The formal action required to be taken to establish, modify or rescind a fund balance commitment is a majority vote by the City Council.

**Assigned** fund balance represents amounts constrained by the government's intent to be used for specific purposes, but neither restricted nor committed. The City Council has the authority to assign amounts to a specific purpose via an ordinance or resolution.

**Unassigned** fund balance represents residual classification for the general fund. This classification represents fund balance not assigned to other funds and not restricted, committed, or assigned to specific purposes within the general fund. The general fund should be the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes, it would be necessary to report a negative unassigned fund balance.

In the event the fund balance exceeds the minimum requirements equal to one month's average expenditures for the budget year, the excess may be utilized for any lawful purpose approved by City Council. The first priority is to utilize the restricted before unrestricted fund balance when both are available. Committed funds will be considered spent first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classification could be used like assigned or unassigned. In order to minimize the long term effect of such use, the excess shall be appropriated to fund one time expenditures or expenses which do not result in recurring operating costs, or other onetime costs including the establishment of or increase in legitimate restriction or commitment of fund balance/retained earnings in other funds.

The emergency levy fund is established and updated through the annual budget process with the budget ordinance approval by the City Council. The fund objective is to keep the cash balance around the value of three mills. The funds may be spent for overtime along with associated benefits or operation expenditures not predictable in the budget.

## **INVESTMENT POLICIES**

It is the policy of the City of Minot to invest public funds in a manner which will provide maximum security with the highest investment return while meeting the daily cash flow demands of the City and conforming to all state and local statutes governing the investment of public funds.

North Dakota state statute authorizes municipalities to invest their surplus funds in: a) bonds, treasury bills and notes, or other securities that are a direct obligation of, or an obligation insured or guaranteed by, the Treasury of the United States, or its agencies, instrumentalities, or organizations created by an act of Congress; b) securities sold under agreements to repurchase written by a financial institution in which the underlying securities for the agreement to repurchase are of a type listed above; c) certificates of deposit fully insured by the federal deposit insurance corporation or by the state; d) certificates of deposit, savings deposits, or other deposits fully insured or guaranteed by the federal deposit insurance corporation and placed for the benefit of the public depositor by a public depository through an appropriate deposit placement service as determined by the commissioner of financial institutions; e) State and local securities: (1) any security that is a general obligation of any state or local government with taxing powers and is rated in the highest three categories by a nationally recognized rating agency; (2) an obligation of the state housing finance agency that is rated in the highest two categories by a nationally recognized rating agency; (3) any security that is a general obligation of a school district and is rated in the highest two categories by a nationally recognized rating agency; (4) obligations of this state and general obligations of its political subdivisions; f) commercial paper issued by a United States corporation rated in the highest quality category by at least two nationally recognized rating agencies and matures in two hundred seventy days or less.

The Pension Trust Funds are authorized to invest all or part of their surplus funds in other investments by selecting a funding agent or agents to hold and invest such funds for the board and such funds shall be placed for investment only with a firm or firms whose primary endeavor is money management.

## **DEBT POLICIES**

- The City will strive to maintain its high bond rating, currently Aa2 for general obligation and refunding bonds and Aa3 for sales tax revenue bonds. The City will receive credit ratings on all its bond issuances.
- Management will consider and research all available funding options prior to the issuance of any new debt.

## **CAPITAL ASSET POLICIES**

Capital assets, which include land, infrastructure assets (e.g., roads, bridges, and similar items), buildings, equipment, intangibles, and books, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets, other than infrastructure assets, are defined as assets with an initial, individual cost of \$10,000 or more and an estimated useful life in excess of one year.

Accordingly, the amounts spent for the construction or acquisition of infrastructure assets are capitalized and reported in the government-wide financial statements regardless of their amount.

Capital assets are valued at historical or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at acquisition value on the date donated.

Additions or improvements that significantly add value to an asset such as extending the useful life of an asset or increasing capacity or efficiency are capitalized. Other costs for repairs and maintenance are expensed as incurred.

## **BUDGET PROCESS**

### **PREPARATION**

Every year, the City of Minot prepares an annual budget. The City operates on a calendar year fiscal cycle. The budget process is a comprehensive effort coordinated by the Finance Department under the direction of the Finance Director and involves input from each department director and the City Manager. Once a preliminary budget has been assembled, it is presented to the City Council for discussion.

The budget process is a year long event. Starting in January, departments start to prepare and develop the five-year capital improvement plan where they forecast any capital infrastructure needs and rank them accordingly. In April-May, the Finance Department begins to work on revenue estimates, utility estimates, etc. and opens budget entry to all departments so they can begin forecasting expenditures. During this same time period, the Human Resources department is completing the pay plan and classification study and preparing for the Civil Service Commission meeting. In June, the Civil Service Commission meets to approve the annual pay plan.

Departments conducted budget tours with the City Council to present upcoming budget requests and challenges. In April, members of the City Council along with department directors held a meeting to get direction from the Council on what the priorities are for the upcoming budget and how those priorities align with our "Magic City Aspirations". The preparation of the 2026 budget required each department to submit three budget scenarios, a flat budget, +3% budget and a -3% budget for their operating accounts. Each scenario also included projections for 2027 and 2028. The basis for the preliminary budget is the flat budget scenario

### **ADOPTION**

The proposed budget, pay plan, tax levies, and fees and charges are presented to the City Council during the first scheduled meeting in August and is made available on the City's website. At the second Council meeting in August, the City Manager and department directors are available for any questions from the Council on the proposed budget. The second scheduled Council meeting in September is the public hearing on the budget and the first reading of the budget ordinance to hear any protests or objections to the items or amounts set forth in the proposed budget. The first meeting in October is the final adoption of the budget and the second reading of the budget ordinance.

### **IMPLEMENTATION**

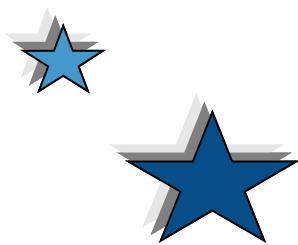

The fiscal year begins January 1. The budget document is compiled and made available on the City's website. Hard copies are distributed to all City Council members as well as department users. Department directors are responsible for managing their budget throughout the duration of the year.

## BUDGET SUMMARY

The budget summary provides an analysis of the annual budget. This section includes a summary of operating and capital budgets, a summary of fund balance, detailed analysis of the General Fund, Special Revenue Funds, Debt Service Funds, Enterprise Funds and significant changes in the budget.

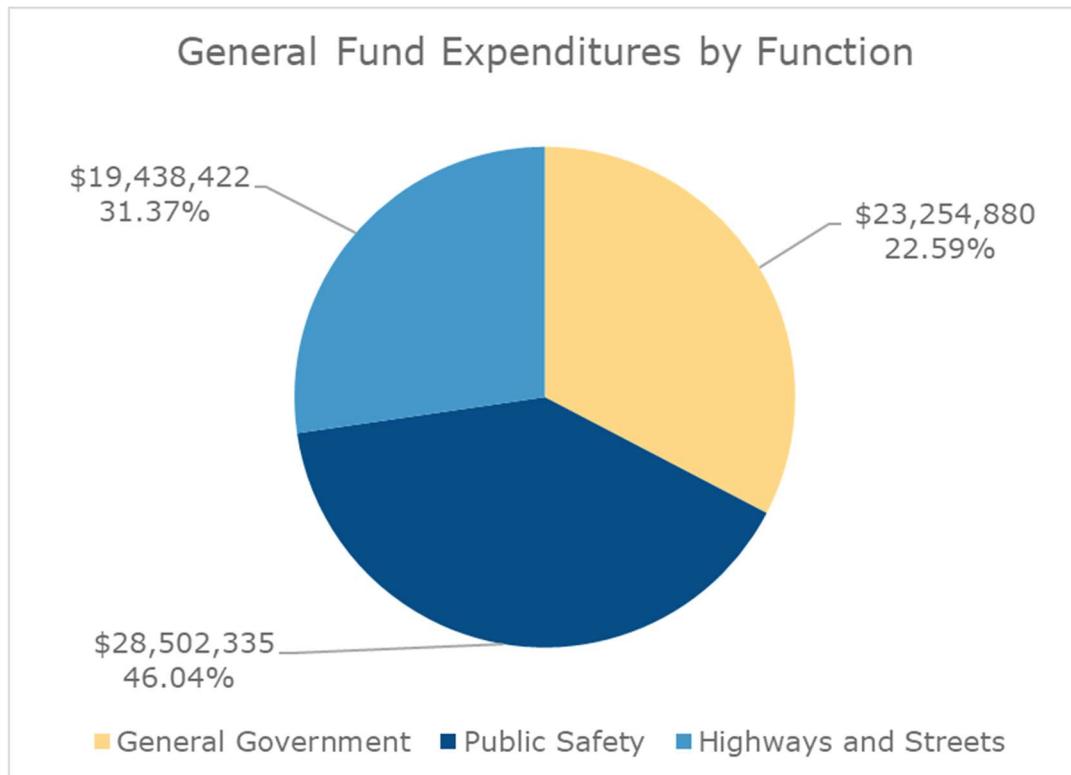

The following summarizes the fiscal year 2026 annual budget by providing a summary of the revenue and expenditures of the City's various funds and provides a comparison to the 2025 annual budget.

### GENERAL FUND

The general fund is the government's primary operating fund. It accounts for all the financial resources of the general government, except those required to be accounted for in another fund. The City takes a conservative approach in estimating revenues for the budget. Funding of the City's general fund operations is derived from major revenue categories including property taxes, licenses and permits, intergovernmental, charges for services, fines and forfeitures, and transfers.

There are three main functions in the General Fund including general government, public safety and highways and streets. A breakdown of the 2026 departmental expenditures and a brief description is provided below.

## GENERAL GOVERNMENT

General government is comprised of the mayor and city council, city manager, human resources, city attorney, finance, information technology, assessors, municipal judge, community development, building inspection, vehicle maintenance and property maintenance departments.

## PUBLIC SAFETY

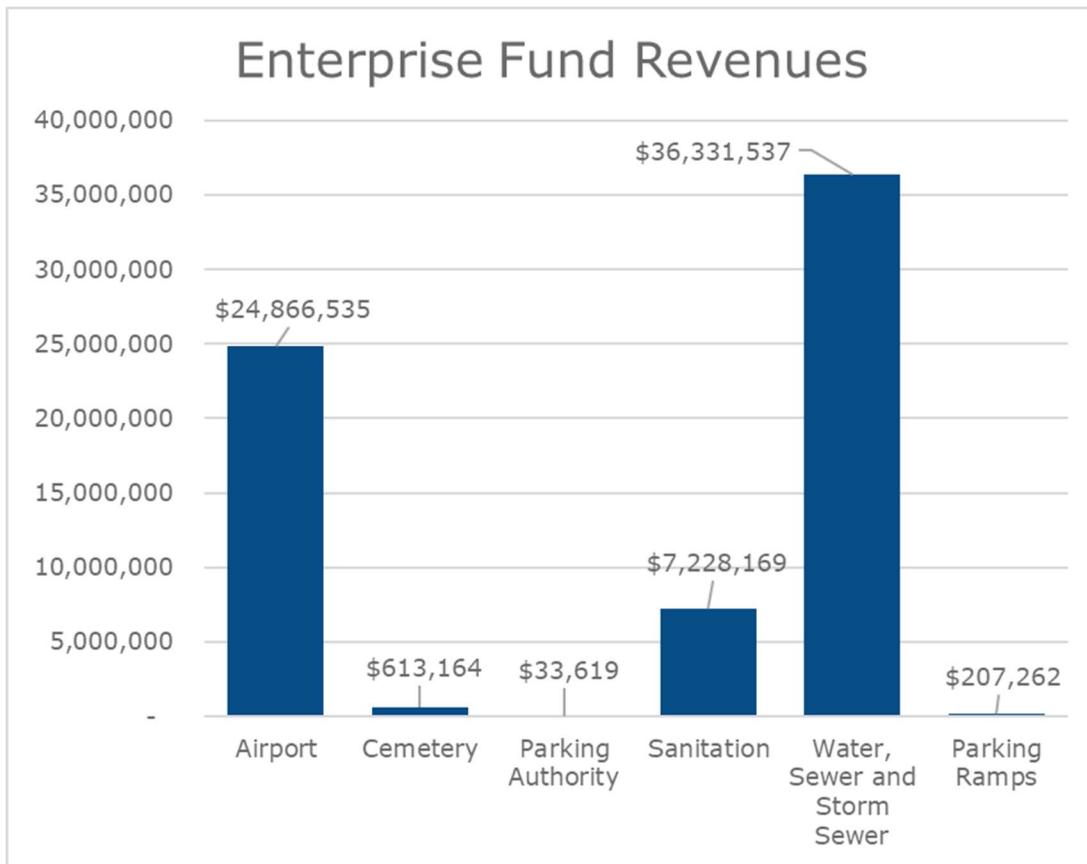

Public safety handles all aspects related to citizen protection and consists of police, fire, dispatch and traffic. Over \$22.6 million of public safety expenditures are relating to personnel costs in these departments.

## HIGHWAYS AND STREETS

Highways and streets function handles both commercial and residential development as well as the maintenance of City streets and right-of-way. This function is comprised of the engineering and street department. The majority of the expenditures in this function are attributed to the City's street maintenance and improvement projects of \$10 million.

## ENTERPRISE FUNDS

An enterprise fund is a self-supporting proprietary fund that sells goods and services to the public for a fee. The enterprise funds for the City of Minot include the following airport, cemetery, parking authority, sanitation, water-sewer-storm sewer, and parking ramps. Only two enterprise funds, airport and cemetery, are subsidized by minimal property tax levy for the City.

Under North Dakota State law, cities are allowed to transfer up to 20% of revenues from utility funds to the general fund in part to cover the City's administrative costs in providing water and sewer services. The recommendation for the 2026 budget is a transfer of 7.84%. The 2025 transfer was 7.27%.

## SPECIAL REVENUE FUNDS

The special revenue funds are established to account for specific revenue sources that are legally restricted to expenditures for specified purposes. These funds include Public Transportation, Library, NAWS Biota Plant, Flood Control Maintenance, Emergency Fund, Central Dakota Metropolitan Planning Organization, Community Development Block Grant - Entitlement and Sales Tax. Revenues are generated primarily from sales tax, property taxes, grant funds and fines and forfeitures. For the 2026 annual budget, the total revenues are \$39,030,240 which is mainly sales tax revenue of \$26,200,000. The total appropriated expenditures is \$47,647,690.

## DEBT SERVICE FUND

The Debt Service Fund provides the resources necessary to retire the outstanding governmental indebtedness of the City of Minot. Debt in this category consists of general obligation bonds, special assessment bonds, sales tax bonds, tax incremental financing bonds, and state revolving loan funds which all funded various public improvement projects such as street improvements, street lighting, flood control, etc. Revenues are generated from the collection of special assessments, property taxes, and sales tax proceeds. For the 2025 budget, the total revenues are estimated at \$6,898,608. The total appropriated expenditures is \$6,981,968, which includes \$4,225,363 for principal retirement, \$2,543,173 for interest, and \$213,432 for administrative charges. In September 2024, the international credit rating agency Moody's reaffirmed the City of Minot's Aa2 bond rating for all debt except sales tax bonds which carry a rating of Aa3. The bond

rating for a City is similar to a credit score for an individual person of business. A higher bond rating enables the City to issue debt at a lower interest rate and allows the City the flexibility to refinance existing debt at a lower interest rate, ultimately saving taxpayers money.

Long-term debt outstanding as of 12/31/2024, is as follows:

Issuance	Date of Issuance	Final Payment	Interest Rates	Original Par Value	Beginning Balance	Additions	Deletions	Ending Balance	Due Within One Year
Series 2015E Airport Revenue Bonds	11/24/2015	10/1/2035	2.25-3.625%	\$ 11,770,000	\$ 7,800,000	\$ 550,000	\$ 7,250,000	\$ 560,000

The City has received approval for four low-interest revolving loan funds in 2025. Two loans relating to watermain replacements for a total of \$6,950,000, one loan for flood control improvements for \$41,010,000 and one loan for lead service line replacements for \$29,575,000. The lead service line replacement loan includes a 71% loan forgiveness.

## CAPITAL PROJECT FUNDS

The City of Minot maintains three capital project funds: capital infrastructure, capital equipment and capital flood control. Capital project funds are used to account for the capital resources for highway improvement projects, equipment, flood control and other capital infrastructure or building needs within the City. Funding for these projects vary depending on the type of project.

## TAXES

Taxes are the largest general fund revenue source for the City of Minot. Property tax is split between the General Fund, Airport, Cemetery, Public Transportation, Library, and Debt Retirement. The 2026 budget is based on the valuation of the 2025 mill, which has a one-year lag. The City represented 28.50 percent of the consolidated mill levy in 2025, including school, county, park and state and city levies.

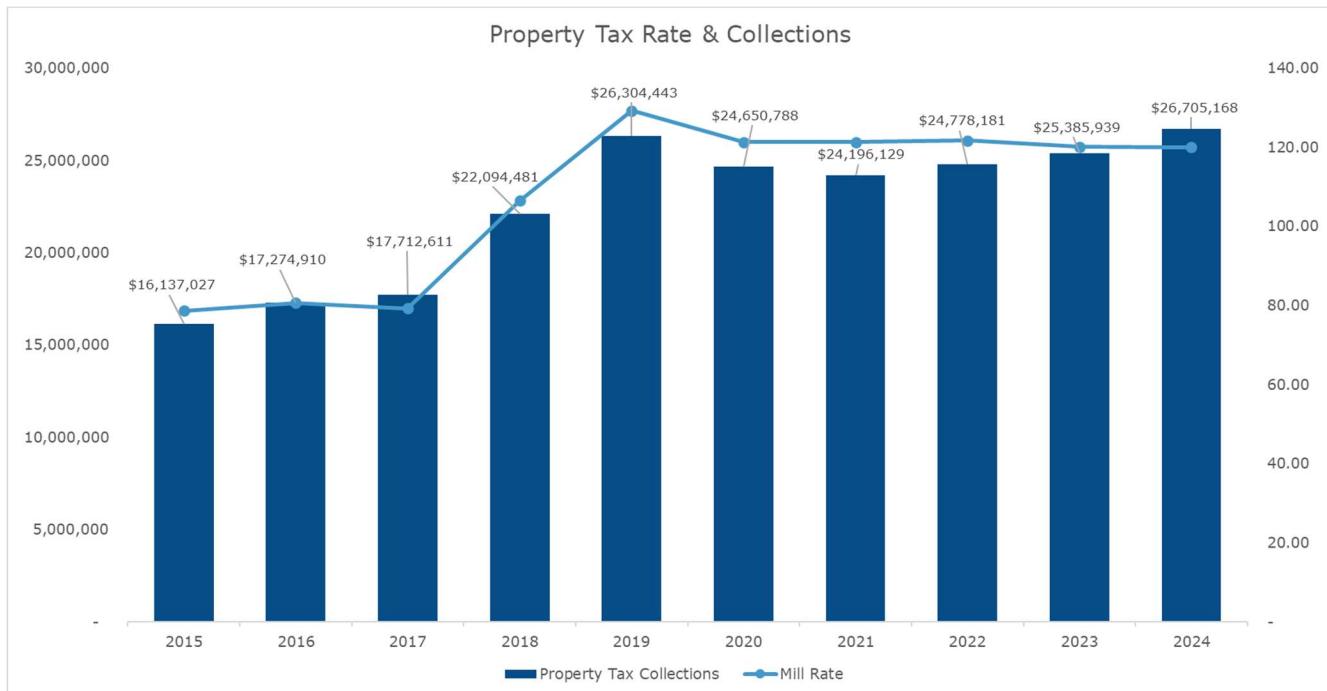

Property taxes are based on the assessed value of an individual's home and the number of mills required by the City for services supported by property tax, such as public safety and street maintenance. The 2026 budget will affect individual property owners differently. The 2026 estimated value of a mill (\$255,711,630) increased 3.17 percent compared to 2025. The number of mills budgeted includes a decrease of 18.50 mills or \$3,967,278.

The following example illustrates the change in mill value of a \$100,000 home in Minot from 2025 to 2026:

	<b>2025</b>	<b>2026</b>
Home value	\$ 100,000	\$ 100,000
Assessed value at 50%	50,000	50,000
Taxable value at 9%	4,500	4,500
Total City budgeted mills	0.09711	0.07861
Property tax	<u><u>\$ 437.00</u></u>	<u><u>\$ 353.75</u></u>

This means a homeowner within the City of Minot would see a decrease of approximately \$83.25/year or \$6.94/month for every \$100,000 of home value.

The following chart summarizes the property tax mill rate history and property tax collections.

The General Fund receives approximately 78.97% of the total property tax revenues to support basic city services such as police, fire, traffic, and streets.

## SALES TAXES

Sales tax is another primary revenue source used to offset property taxes. Sales tax is collected in each respective sales tax fund and transferred according to the adopted budget. The City's portion of the local sales tax rate is 2% which is projected to generate \$26.2 million in revenue for 2026. The 2026 sales tax allocations are as follows:

### First Penny Sales Tax

Property Tax Relief (10%)  
Economic Development/Property Tax Relief (15%)  
Improvements (25%)  
Flood Control (50%)

### Second Penny Sales Tax

Property Tax Relief (18%)  
Infrastructure (24%)  
Community Facilities/Flood Control (18%)  
Northwest Area Water Supply Project (NAWS) (40%)

The NAWS project will bring Missouri River water to Minot and Northwest North Dakota, ensuring an adequate water supply for the future, and has an estimated \$115.8 million in expenditures remaining. The project will be to complete pipelines, storage tanks, and pumping facilities along the pipeline. The City of Minot has a 35% cost share or approximately \$52.0 million which will be paid with sales tax funds. The City has approximately \$13.5 million in cash reserves remaining for this purpose. The project will extend to northwest North Dakota.

The City will be operating and maintaining the biota treatment facility in Max, North Dakota which is scheduled to be operating in 2025. The costs associated with operating this facility will be 100% funded through the federal government. The 2026 budget continues to include estimated expenditures for the operation of the plant.

The Mouse River Enhanced Flood Protection Project (MREFPP) is designed to provide flood relief to Mouse River valley residents – both urban and rural. The project was originally initiated by the North Dakota State Water Commission (NDSWC) in response to a request for assistance from the Souris River Joint Board (SRJB) following the record-breaking Mouse River flood of June 2011.

The first phase of MREFPP included the development of a plan to reduce flood risk in the river valley from Burlington to Velva, and Mouse River Park, presented in the Preliminary Engineering Report (PER). This report describes in detail proposed improvements along the Mouse River to reduce flood risk in areas that are primarily developed or urban in nature.

In the latter stages of the development of the PER, the focus began to shift to the rural areas of the Mouse River valley. Basin-wide evaluations of erosion, sedimentation, hydraulics and hydrology were completed to begin to assess the basin-wide implication of improvements proposed in the valley. Additionally, an evaluation of 12 different alternatives for reducing flood risk for the rural reaches of the basin was completed.

The focus of the MREFPP now shifts toward implementation. The SRJB has developed a long-range capital improvements program (through 2039) focused on rural and urban improvements throughout the Mouse River valley. The total estimated cost of this program, in 2022 dollars, is approximately \$1 billion.

## **EMPLOYEE PAY/BENEFITS**

For the 2026 budget, the City Council has chosen to recommend the annual pay plan recommended by the Civil Service Commission. The annual pay plan included normal position (step) progression, promotional ladders and probationary step increases.

The annual recommended contribution for the City's closed pension plan for 2026 is 77.64 percent or \$6,692,070 (62.90 percent City and 14.74 percent active pension employees). It is composed of 14.71 percent normal cost and 62.93 percent for the unfunded liability. Normal cost is the present value of benefits attributed to employee service performed during the current year or in simple terms, the cost of the pension plan for the current employees.

## **STAFFING**

The 2026 budget includes the addition of 1 full-time position in the following department:

<b><u>New Position Requested</u></b>	<b><u>Department</u></b>	<b><u>Salary &amp; Benefits</u></b>
Heavy Equipment Operator	Garbage Collection	\$85,002

## RATES AND FEES

Rates and fees are revenues received for directly providing a service to a specialized group or individual. The City of Minot charges rates or fees for many services including water, sewer, storm sewer, cemetery, airport, sanitation, bus, planning, etc. These rates are reviewed annually by staff and adjusted accordingly. The 2026 budget will include the following rate adjustments.

Airport Rates and Fees		2025	2026	Change	
<b>Terminal Rents and Fees</b>					
Terminal Airline Rent & Per User Fees	\$ 25.00	\$ 25.00	\$ -	Per square foot

### Engineering Fees (No changes)

#### Wireless Telecommunication Facility Guidelines

##### Type of Installation

Attachment to existing franchised utility pole owned by a third party (i.e. no pole replacement/ground disturbance)

##### Fees

One-time Application review fee of \$500 for the first 5 sites with an additional \$100 per site after 5

No annual fee

Attachment to existing City-owned structure (i.e. no pole replacement/ground disturbance)

One-time Application review fee of \$500 for the first 5 sites with an additional \$100 per site after 5

\$175 annual fee per site

Attachment to existing Wireless Company or Wireless Infrastructure Provider owned pole (i.e. no pole replacement/ground disturbance)

One-time Application review fee of \$500 for the first 5 sites with an additional \$100 per site after 5

\$175 annual fee per site

One-time Application review fee of \$500 for the first 5 sites with an additional \$100 per site after 5

Installation of new or replacement franchised utility pole and attachment thereto.

No annual fee

Installation of replacement or new City-owned structure and attachment thereto.

One-time Application review fee of \$500 for the first 5 sites with an additional \$100 per site after 5

\$175 annual fee per site

Installation of replacement or new Wireless Company or Wireless Infrastructure Provider owned structure and attachment thereto.

One-time Application review fee of \$500 for the first 5 sites with an additional \$100 per site after 5

\$175 annual fee per site

#### Storm Water Management

##### Type of Review

Storm Water Management Plan Review

##### Fees

\$75 base charge plus \$15 per acre.

Storm Water Letter of De Minimis Effect Review

\$75

Site Plan Review

\$250

**Note: There is an old fee schedule for subdivision reviews. If review is needed for a subdivision please reach out to Lance Meyer, City Engineer**

#### Permits, Licenses, Inspections, and Encroachments

##### Service

Excavator License

##### Fees

\$80 Annual Fee  
\$25,000 Bond

Right of Way Permit

\$80 each

Traffic Control Only

\$40 each

Re-inspection

Up to \$80 per hour

Permanent Enroachment Permit

\$100 each

Outdoor Dining, Streatery and Parklet Encroachment License

\$35 each

Mikayla McWilliams

Mikayla McWilliams, City Clerk

## RESOLUTION NO. 3816

### A RESOLUTION BY THE CITY OF MINOT, NORTH DAKOTA, ESTABLISHING **2026 RATES, FEES, AND CHARGES** AT THE MINOT INTERNATIONAL AIRPORT (MOT)

WHEREAS, the City of Minot (the "City") owns and operates the Minot International Airport (MOT); and

WHEREAS, pursuant to Minot City Ordinance Sec. 4-25, the City Council may establish uniform rates, fees, and charges at MOT by way of resolution; and

WHEREAS, the City Council desires to establish the 2025 rates, fees, and charges at MOT;

NOW, THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF MINOT, NORTH DAKOTA THAT the following rates, fees and charges are established at the Minot International Airport **EFFECTIVE JANUARY 1, 2026:**

#### **SECTION 1. TERMINAL AIRLINE RENT AND PER USE FEES**

(a) Signatory Airline Rental Fees:  
Cost per square foot (Exclusive & Joint Space): \$25.00 / sq. ft.

*NO CHANGE FROM 2025*

#### **SECTION 2. RENTAL CAR TERMINAL RENT AND PER USE FEES**

Rental Car Terminal Facilities Rent: \$25.00 / sq. ft.

*NO CHANGE FROM 2025*

#### **SECTION 3: AIRPORT GROUND RENT FEES**

Airport Ground Rent Fees shall apply to all NEW, EXTENDED OPTION, or RENEWED leases, and are based on lot location and use. Land rent values at similarly situated airports are also taken into consideration. All Airport Ground Rent leases must comply with MOT's Minimum Standards and Requirements.

(a) For all new, renewed, or term extension leases, the following

annual GROUND RENTAL fees shall apply:

1) Southeast General Aviation Lots Improved Area (Electricity and Access)	\$0.22/ sq. ft.
2) Southeast General Aviation Lots Unimproved Area (Bare Land)	\$0.11/ sq. ft.
3) Northwest General Aviation Lots Improved Area (General utilities and Access)	\$0.26/ sq. ft.
4) Northwest General Aviation Lots Unimproved Area (Bare Land)	\$0.13/ sq. ft.
5) West-Side General Aviation Lots Improved Area (All Utilities and Accesses)	\$0.30/ sq. ft.

(b) Aeronautical Service Providers

1) Single Service Operators Including Cargo Operators, Multiple Service Operators, and Full-Service Operators	\$0.30/ sq. ft.
---	-----------------

*NO CHANGE FROM 2025*

#### **SECTION 4: AIRPORT OWNED T-HANGAR RENTAL FEES**

(a) Airport Owned T-Hangars	\$130.00/month
-----------------------------	----------------

T-Hangars are rented on a month-to-month basis.

Unless specified elsewhere in writing, rent must be paid one month in advance and is due the 10th of each month. Ex: Rent for the month of February must be received by MOT by January 10th.

***CHANGED FROM \$125.00 TO \$130.00 PER MONTH***

#### **SECTION 5. LANDING FEES AND ARFF CHARGES**

(a) Signatory Airline Landing Fees

\$2.51 / 1,000 lbs. maximum gross landing weight / landing

***CHANGED FROM \$2.41 / 1,000 LBS TO \$2.51/ PER 1,000 LBS***

(b) Non-signatory Airline Landing Fees

\$ 3.14 / 1,000 lbs. maximum gross landing weight/ landing

**CHANGED FROM \$3.00 / 1,000 LBS/ TO \$3.14 PER 1,000 LBS**

(c) ARFF Fees for Signatory

\$0.59 / 1,000 lbs. maximum gross landing weight / landing

**CHANGED FROM \$.57/1,000 LBS./ TO \$.59 PER 1,000 LBS**

(d) ARFF Fees for Non-Signatory

\$0.74 / 1,000 lbs. maximum gross landing weight / landing

**CHANGED FROM \$.71/1,000 LBS./ TO \$.74 PER 1,000 LBS**

## **SECTION 6. NON-SIGNATORY RATE PREMIUM**

(a) All airlines not executing a Signatory Airline Use and Lease Agreement will be charged six hundred dollars (\$600.00) per turn for use of the terminal building in addition to 125% of the signatory landing fees and ARFF fees.

NO CHANGE FROM 2025

(b) Non-Signatory Commercial Air Freight Operator and all Commercial Commuter aircraft weighing less than 12,500 lbs.

\$30.82 per landing

**CHANGED FROM \$29.64/ PER LANDING TO \$30.82 PER LANDING**
